Sean. I'll join Sarah in the cost call and am also available Thu afternoon. Do you have the spreadsheet I sent Davis last week with the DEQ leads for each of the top 10 issues?

Hello Kevin, Sarah and Keith, thanks for the meeting last week. I'm starting to work on scheduling calls/meetings with the State to discuss my assigned list of items, starting with the cost call (see below). I'm available this week and next to talk about NAPL at Arkema, riverbanks, fish advisories, Ics, subsurface delineation, and disposal delineation during these times as well. If there are point person(s) on these I can contact directly, let me know.

Sarah, can we do a quick call this Thursday to go over State cost comments and then follow up next week (and/or this week) on a number of items we're reviewing on our cost estimate? On my end we'll have the CDM team and myself. I have time Thursday afternoon and Friday morning. Next week I'm travelling to Warm springs, Umatilla, Yakama consultations—but I'm open on Monday morning, Wednesday 10-11, 330-5 Thursday, Friday much of the day 9-230.

If I should ask CDM to include anyone else on the invite, do let me know.

Thank you.

S
